CLOSING

5.1 Conclusion

This internship is a big opportunity for me and all students to gain experience and learn new things, especially in the world of work. Additionally, the internship is a valuable time for students to apply the knowledge gained in university, also gain our skill to work individually or in a team which will be benefit for us in the future.

As stated above, every job and duties from the internship come everyday in different situation and condition. Although there are a lots of obstacles and challenges come which I have not experienced before, but this situation make me grow up & increase my abilities and skills in the world of working.

Center For Excellence Angkasa Pura I is the right place for me and other students to do the internship. It opens opportunity for students in university or senior high school to perform the internship every three month in a year. There are four division in Department Training and Development which able for students to possibly gain their soft skills and hard skills also their knowledge.

I can make a conclusion from the internship activities that Center For Excellence Angkasa Pura I is very important to develop and supervise all of aviation in Indonesia. Center For Excellence Angkasa Pura I also conserve to develop human resource to work in Angkasa Pura I
