Omiai online

The screenshot shows a web page from 'Matching App University'. At the top, there's a navigation bar with icons for menu, search, and user profile. The main title is 'マッチングアプリOmiaiを使うべき人・使ってはいけない人！料金・安全性・評価まとめ' (People who should use the Omiai matching app vs. those who shouldn't! Price, safety, and review summary). Below the title, there's a profile picture of a woman and a text box stating: '編集部の中本です。今回は恋活・婚活マッチングアプリのOmiai(お見合い)について解説します。' (Ishimoto from the editing department. This time, we will explain about the Omiai dating and wedding matching app (Oshimai)). The main content area contains several sections: 'こんな人はOmiaiを使うべき！' (People who should use Omiai!), 'Omiaiは数あるマッチングアプリの中でも比較的真剣度が高いアプリです。' (Omiai is one of the few matching apps with relatively high sincerity), 'また、他のアプリよりも安全性についても厳しい水準を設けているため、恋愛目的ではない人が排除されていくシステムが整っています。' (In addition, the app has a strict safety standard, which excludes people with non-romantic purposes), and 'そして、利用者の口コミなどから、「Omiaiは美人やイケメンが多い！」と言われています。派手な雰囲気ではなく、落ち着いた美人やイケメンがいます！' (And from user reviews, it is said that 'Omiai has many beautiful women and handsome men!'. It is not showy, but rather has a calm atmosphere with beautiful women and handsome men). At the bottom, there's a footer with the text 'Omiai 実効恋活「Omiai」'.

Omiaiはいいねが貰いやすいからマッチングしやすい

マッチングアプリで出会う最初の一歩は「いいね」からなのですが、Omiaiは他のマッチングアプリと比べていいねが貰いやすいです。

理由は、Omiaiは**いいねが分散される仕組み**をとっているから。

ペアーズやユーブライドなどのマッチングアプリ・婚活サイトでは多くの人が「いいね順」で異性を探します。いいねが多い=条件が良い人だからです。

そうすると、いいねが人気会員に偏ってしまいアプリ全体のマッチング率が低下してしまいます。

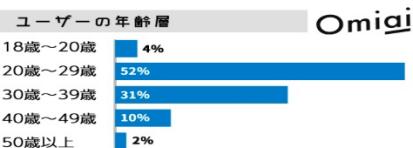

Omiaiはそうならないような工夫がされています。その結果、**Omiaiでは一人当たりもらえるいいねの平均数が高く、マッチングしやすい環境**になっています。

No quick fix to reverse decline in newborns

Efforts must be maintained to create an environment in which people can marry and start families earlier in their lives.

Shinzo Abe and the Precipitous Birth Rates

Professor Jelkington

NATIONAL JUN 7, 2019

Number of newborns in Japan fell to record low while population dropped faster than ever in 2018

The rapidly aging country posted the largest margin of decrease in its population at 444,085 since comparable data became available in 1899.

NATIONAL / SOCIAL ISSUES APR 10, 2017

Japan's population projected to plunge to 88 million by 2065

BY TOMOKO OTAKE

The population of Japan is expected to plunge to 88.08 million in 2065, a roughly 30 percent fall from the 2015 level, according to a government-affiliated research institute.

NATIONAL / MEDIA | BIG IN JAPAN APR 8, 2017

Japan suffers from the grand illusion of prosperity

BY MICHAEL HOFFMAN

There are so many reasons to hate your job, if you're lucky enough to have one. The top four, according to Spa! magazine, are: stagnant salaries; a sense of being underappreciated and underevaluated; an overriding, unfocused anxiety; and a lost sense of purpose. Sixteen additional ...

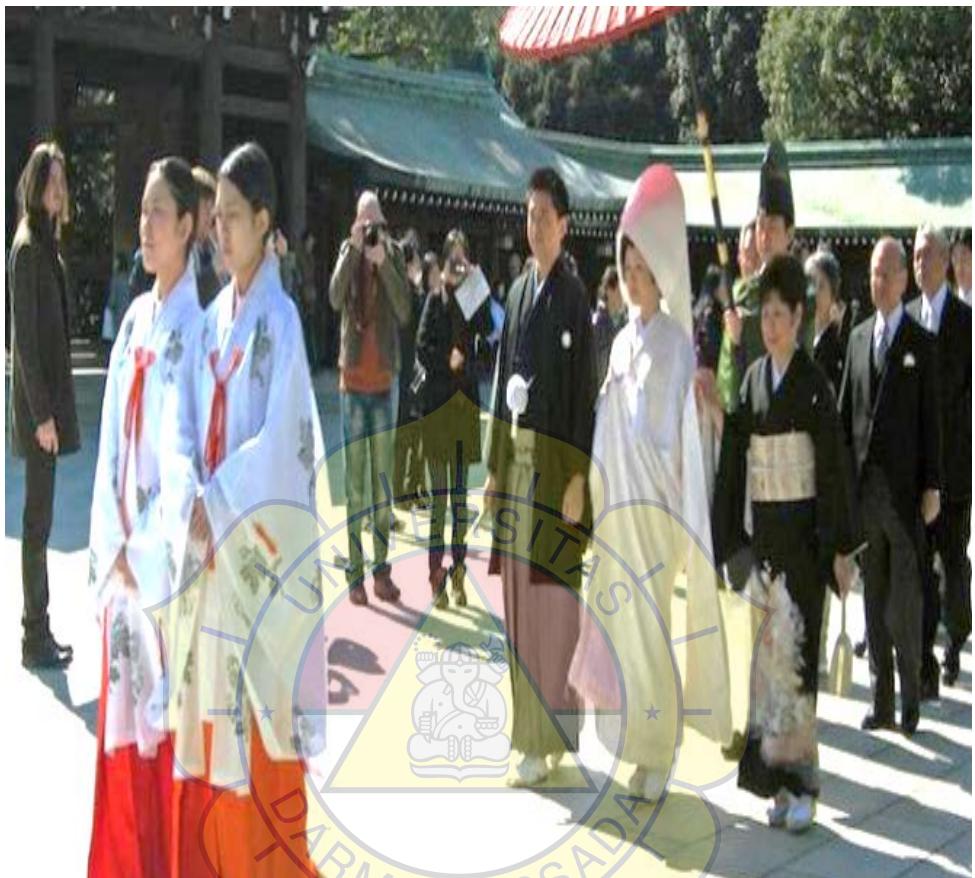

NATIONAL DEC 21, 2018

Number of babies born in Japan in 2018 lowest since records began; population decline the highest

The figures reveal the difficulty of the government's goal of raising the total fertility rate amid the population decline.
