

CHAPTER V

CONCLUSION

After examining the result analysis of *Ingrid Goes West* by Smith and Spicer, the subject of characters Ingrid Thorburn which are the reflection of obsession concepts can be concluded several things, as follows: I conclude that an intrinsic approach could be used to analyze *Ingrid Goes West*, I apply the showing method to find out the characters' characterization. The character that I analyze is Ingrid Thorburn's functional settings. I completely know the setting of the movie script can support the research theme as well. And last, by using the concept of a plot, I discover a movie script plot through exposition to resolution.

It is because after I analyze the movie script, the main character, Ingrid Thorburn, shows her obsession because Ingrid felt alone after her mother died. Then Ingrid felt that social media was her place of entertainment. Ingrid is very addicted to social media, especially Instagram. On Instagram, she can see various kinds of people like celebrities and influencers. She was seeing the beauty and perfection of others on social media. Then Ingrid became obsessed with social media, especially with beautiful and charming influencers like Charlotte and Taylor. Then Ingrid commented on the photo post on Charlotte and Taylor's Instagram and got a response from them. It made Ingrid feel happy and think that they could be friends. And making Ingrid apart from being an obsession with social media, she is also obsessed with people who have replied to her comments. Then do various ways to be close and friends with Charlotte and Taylor. Ingrid would stalk them, once they became friends she would become possessive. His obsession makes Ingrid look like a mentally ill person, and his behavior is like a psycho. And she has also been rehabilitated for his stalker behavior, obsession, disease, and like crazy. In this research, if you are a fan of social media, don't overdo it. Must have limits, don't let it become an obsession because you see the beauty of others on social media. Ingrid is an example of someone who is so addicted to social media that it becomes an obsession with beautiful and charming people. Feel they can be friends to do various ways.

According to this research, it is potential for the next research to analyze Ingrid Goes West through other approaches or concepts. This research also can introduce the student of English Language and Culture Studies about Obsession in literary work. This research also can use as a comparison to write a better analysis. And every human being must have an obsession, don't let the obsession become excessive. Excessive obsession can interfere with mental health. And for the young generation, if you are a fan of social media. Make social media a good means of communication. Don't be an addict who can have the same impact as Ingrid.

Obsessed with social media and wants to be perfect as the women on social media. And if we meet or talk about or talk to people with obsession disease, we should not consider their disorder as their main character trait.
