BACKGROUND Language is a very important part of life, especially as a social object. Language is used by human to-communicative with the surrounding environment. Without language, it is difficult for us to understand the specific intentions of others. It plays an important role because it can explain to the speaker what the speaker wants.

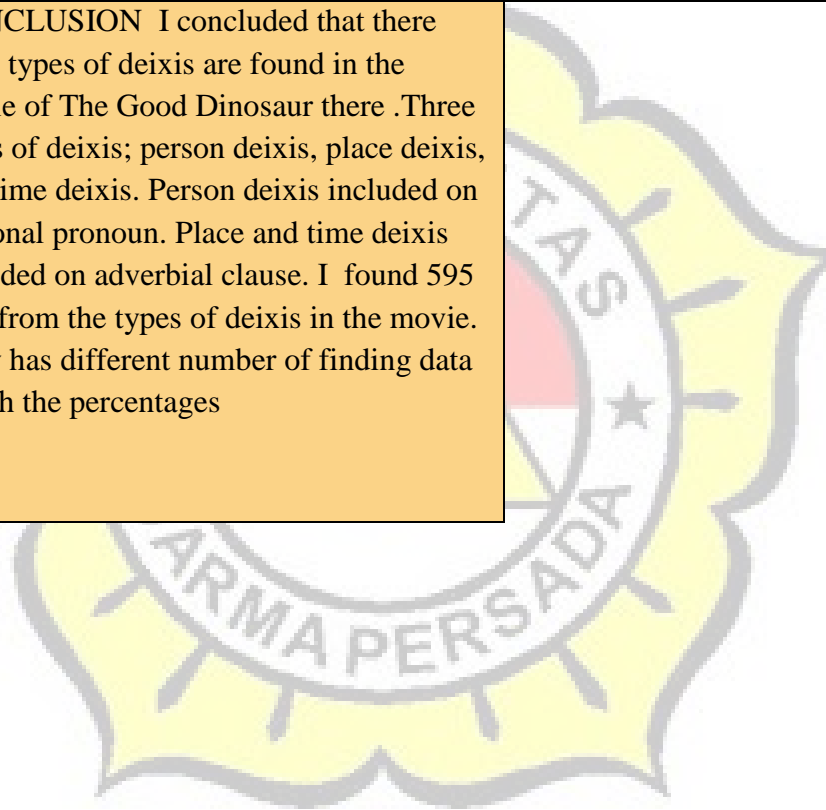

METHODS I conducted by using qualitative method in this study . Descriptive qualitative method in this research uses technique of seeking

BENEFIT I considers this study will give valuable knowledge and understanding for readers about deixis . In this case , in the Movie The Good

,collecting and analyzing data from the script movie .

Dinosaurs , there are several types of deixis . Therefore ,this study will be useful to provide examples to other students who are interested in learning about deixis . This study makes theoretical and practical contributions .Theoretically , this research contributes to providing more knowledge about what deixis we use in our daily conversations ..

CONCLUSION I concluded that there three types of deixis are found in the movie of The Good Dinosaur there .Three types of deixis; person deixis, place deixis, and time deixis. Person deixis included on personal pronoun. Place and time deixis included on adverbial clause. I found 595 data from the types of deixis in the movie. They has different number of finding data which the percentages
