ABSTRACT

The aim of the research was to explore at the psychological issues and personality types of the main character in the film SPLIT. I attempted to explain how Dissociative Identity Disorder developed in this research. In most movies, each character has only one personality. Characterization with multiple personalities adds to the film's appeal. I am attempted to divide the problem into three questions in order to get the answer. (1) How is the psychological conflict of the main character expressed in SPLIT movie, (2) What types of the personalities are found in the main character of SPLIT movie. (3) What causes Kevin's DID in Split's Film. I would applied objective approach. There were to psychological conflicts which are internal conflict and external conflict. And there were two types of the personalities are Extrovert Human Type and Introvert Human Type. Source of Data obtained found in SPLIT film relating to the forms and causes of Dissociative Identity Disorder in book Diagnostic and Statistical Manual of Mental Disorders Edition 5th. From the dialogue above, it presents the real character of Kevin aside from his different identities. After realizing the terrible things he has done, such as kills Dr. Fletcher and finds out Casey in his room, he feels sorry and asks Casey to kill him instead. Kevin wants Casey to stop him doing bad deeds so that he cannot hurt people anymore. Then for a mere second, another personality takes ‘the light’ (the terms when Kevin shifts personality), Jade states that he does not want Casey to kill him. He also adds that Kevin cannot face the reality that is why he wishes to be killed. 26
