

## CHAPTER V

### CLOSING

#### 5.1 Conclusion

The internship program is a platform for students to prepare themselves before entering the world of work. They can practice skills and add insight to grow. In addition, the internship program is also a place to apply the theory that has been obtained during college. The internship program at Darma Persada University is also a form required for obtaining a Diploma III or Associate's Degree.

Through this Internship program, I gain experience of how the world work. I would be able how a leadership in the world of work, how the environmental situation, work culture, behavior in speech, work in a team, and also understand how to dress properly and correctly.

During his internship at the DKI Jakarta Culture Service. I was learned a lot, and the knowledge of work gained directly make me feel more fortunate to be able to take part in this internship program. During the 3 months of an internship at the Department of Culture, so many unforgettable moments. Not only that this program also motivates the writer to become professional workers.

## 5.2 Suggestion

After finishing the internship program especially finishing internship in The Cultural Department of DKI Jakarta, there are several suggestions that I would like to convey:

1. Before starting the internship, you should look for an agency that matches the department or has something to do with the major you take.
2. Keep your attitude, as a student you need to take care of a good image so that later you don't create a bad image for the name of Darma Persada University.
3. The students should prepare themselves before starting an internship at any agency. Take care of your mental and take care of your body health.
