

## CHAPTER V

### CLOSING

The internship program is a student media to prepare and learn about work environment. They can gain skills, relation, and insight to make self development. The internship program also could be a media to apply the theory that has been obtained during college. This internship has purpose as a media for students to apply their knowledge and skills obtained during studying in University and to adapt with the real workplace. Furthermore, internship is an opportunity for students to expand their soft skill and hard skill in dealing with the real workplace in order to get the best graduates who will be able to compete in the global market.

After doing an internship in Department of Culture DKI Jakarta I got so much experience, such as :

1. I can adapt and interact with the real work environment and understand how to communicate correctly.
2. Get the new experiences and knowledge about the real workplace and how to work in team.
3. Understand the work system Department of Culture DKI Jakarta, especially in Development Division.
4. Find out that Department of Culture DKI Jakarta has an important task to developing, protecting, and utilizing the Indonesia culture. They give me an opportunity to learn something new every day. I can also develop the potential that I have.
