

ATTACHMENT

Attachment 1. *Like a Knife* song lyrics

I dream a lot, I know you say
You've got to get away
The world is not yours for the taking
Is all you ever say.
I know I'm not the best for you
But promise that you'll stay.
Cause if I watch you go
You'll see me wasting, you'll see me wasting away

Cause today, you walked out of my life
Cause today, your words felt like a knife
I'm not living this life

Goodbyes are meant for lonely people standing in the rain
And no matter where I go it's always pouring all the same
These streets are filled with memories
Both perfect and in pain
And all I wanna do is love you
But I'm the only one to blame

Cause today, you walked out of my life
Cause today, your words felt like a knife
I'm not living this life

But what do I know, if you're leaving
All you did was stop the bleeding
But these scars will stay forever,
These scars will stay forever
And these words they have no meaning
If we cannot find the feeling
That we held on to together
Try your hardest to remember

Stay with me
Or watch me bleed
I need you just to breathe.

Cause today, you walked out of my life
(Stay with me, or watch me bleed)
Cause today, your words felt like a knife
(I need you just to breathe.)
I'm not living this life

Attachment 2. *Stranger* song lyrics

Turn around, turn around
And fix your eyes in my direction
So there is a connection
I can't speak, I can't make a sound
To somehow capture your attention
I'm staring at perfection
Take a look at me so you can see
How beautiful you are

You call me a stranger
You say I'm a danger
But all these thoughts are leaving you tonight
I'm broke and abandoned
You are an angel
Making all my dreams come true tonight

I'm confident
But I can't pretend I wasn't terrified to meet you
I knew you could see right through me
I saw my life flash right before my very eyes
And I knew just what we'd turn into
I was hoping that you could see
Take a look at me so you can see

You call me a stranger
You say I'm a danger
But all these thoughts are leaving you tonight
I'm broke and abandoned
You are an angel
Making all my dreams come true tonight
You are an angel
Making all my dreams come true tonight

Take a look at me so you can see
How beautiful you are
Take a look at me so you can see
How beautiful you are
Take a look at me so you can see
How beautiful you are
Take a look at me so you can see
How beautiful you are

Your beauty seems so far away
I'd have to write a thousand songs to make you comprehend how beautiful you are

I know that I can't make you stay
But I would give my final breath
To make you understand how beautiful you are

Understand how beautiful you are

You call me a stranger
You say I'm a danger
But all these thoughts are leaving you tonight
I'm broke and abandoned
You are an angel
Making all my dreams come true tonight

You call me a stranger
You say I'm a danger
You call me a stranger

Attachment 3. *Your Call* song lyrics

Waiting for your call, I'm sick, call I'm angry
Call I'm desperate for your voice
Listening to the song we used to sing
In the car, do you remember
Butterfly, Early Summer
It's playing on repeat, Just like when we would meet
Like when we would meet

I was born to tell you I love you
And I am torn to do what I have to, to make you mine
Stay with me tonight

Stripped and polished, I am new, I am fresh
I am feeling so ambitious, you and me, flesh to flesh
Cause every breath that you will take
When you are sitting next to me
Will bring life into my deepest hopes,
What's your fantasy?
(What's your, what's your...)

I was born to tell you I love you
And I am torn to do what I have to, to make you mine
Stay with me tonight

And I'm tired of being all alone, and this solitary moment makes me want to come back home
And I'm tired of being all alone, and this solitary moment makes me want to come back home
And I'm tired of being all alone, and this solitary moment makes me want to come back home
And I'm tired of being all alone, and this solitary moment makes me want to come back home
(I know everything you wanted isn't anything you have)

I was born to tell you I love you
And I am torn to do what I have to
And I am torn to do what I have to, to make you mine
Stay with me tonight
(I know everything you wanted isn't anything you have)
