CONCLUSION

After analyzing this film I can conclude that the intrinsic approach can be used to analyze this film. I apply showing methods to know the characterizations of some characters. The characters that I analyze are Glenn Arias, Chris Redfield and Leon Scott Kennedy. Then by using the concept of setting, especially the five functions of setting I can know the setting of this film. Also by using the concept of plot it can be known the plot of this film from exposition until resolution.

Then I also conclude that the extrinsic approach can be used to analyze this film. I use the concept of Psychosomatic to explain about Arias Psycho, the other two concepts is Revenge and Death-Instinct to explain Arias Revenge and Arias Death-Instinct. The characterizations, setting and plot of this film support the concepts of Psychosomatic, Revenge and Death-Instinct. I also elaborate between the intrinsic and extrinsic analysis. It proves that the theme of this film is the reflection of Psychosomatic causing Revenge which ended in death-instinct on character Arias.

We as human being may not do what Arias did in this film. If we loss people that we love, we had to be willing to accept it. We cannot just feel grief all and thinking about that all the time. Something or someone has lost will never comeback. And if you losses someone because what you had done in the past you cannot blame them. as the consequence of what you are doing especially if you are doing a lot of bad things. Doing Revenge to them is not good either, because you will get nothing but emptiness as you would not get nothing after you succeed the revenge even if you revenge for someone who died in the past you would not make them comeback alive.

moreover, it will make you more closer to death. as you get Revenge, you will sacrifice everything in order to be successful. most of them who got need in revenge ended up Death. This film will be a good example for those who wants to take

revenge on someone as you need to think it twice, as if it is worth your life or not. in the end, Revenge will get you nothing a but painful Death.

This research can give us something that we can learn in our lives. If you have big problem, you have to think clearly. You should not have to end your life easily like get revenge, just to make you lose your problems. Then, if you loss someone, you should not to feeling grief in all your life. Try to accept the fact sincerely and start your life. You tell about your feeling to other people to get solution of your problem, that people may give you suggestion to make you feels better, it is better that you hold that in your mind. Because if you hold it on yourself, you would not have peaceful mind as you keep thinking about them.
