SUMMARY

This research is an analysis of movie, *Split*, directed by M. Night Shyamalan, using Maslow's Hierarchy of Needs Theory.

BACKGROUND

Everyone basically have desire to achieve recognition by the 5 multilevel needs. There is ambition that encourages the Hierarchy of Needs.

TITLE OF RESEARCH:
THE REFLECTION OF MASLOW'S HIERARCHY OF NEEDS IN KEVIN WENDELL CRUMB'S ALTER PERSONALITIES CHARACTERS IN *SPLIT* MOVIE BY M.NIGHT SHYAMALAN

TITLE OF RESEARCH:
THE REFLECTION OF MASLOW'S HIERARCHY OF NEEDS IN KEVIN WENDELL CRUMB'S ALTER PERSONALITIES CHARACTERS IN *SPLIT* MOVIE BY M.NIGHT SHYAMALAN

Benefits

This research is to give benefits to everyone who is interested in getting deeper knowledge of the movie with the title Kevin Wendell Crumb's Alter-Personalities Characters. The research is useful to know what the theme of this movie, because this research is made by the new perspective to understand about the psychological and sociological cases.

Methods:

Qualitative Types

Quality type method is a study of interpretative or analysis by collecting data in the form of literature text from the movie and script: *Split* by M. Night Shyamalan as a primary source. It is also supported by some literature relating to the theory concept suitable as secondary source.

Result of the Research

Through the intrinsic approaches we know that the characterization of Kevin Wendell Crumb's alter-personality is Tough, Protector, Leader, Neat, Calm, and savage. The setting of this movie makes Kevin's alter-personalities wanted to fulfill they desire to get recognition from people. Through the extrinsic approach we can know that Kevin's alter-personalities finally successful in fulfilling they desire. They evolve to The Beast at the end of the story to achieve recognition from people out there.

LISTENING		READING	
<p>Your scaled score is between 300 and 400. Test takers who score around 300 typically have the following strengths:</p> <ul style="list-style-type: none"> • They can sometimes infer the central idea, purpose, and basic context of short spoken exchanges, especially when the vocabulary is not difficult. • They can understand the central idea, purpose, and basic context of extended spoken texts when this information is supported by repetition or paraphrase. • They can understand details in short spoken exchanges when easy or medium-level vocabulary is used. • They can understand details in extended spoken texts when the information is supported by repetition and when the requested information comes at the beginning or end of the spoken text. • They can understand details when the information is slightly paraphrased. <p>To see weaknesses typical of test takers who score around 300, see the "Proficiency Description Table. If your performance is closer to 400, you should also review the descriptors for test takers who score around 400.</p>		<p>Your scaled score is close to 250. Test takers who score around 250 typically have the following strengths:</p> <ul style="list-style-type: none"> • They can make simple inferences based on a limited amount of text. • They can locate the correct answer to a factual question when the language of the text matches the information that is required. They can sometimes answer a factual question when the answer is a simple paraphrase of the information in the text. • They can sometimes connect information within one or two sentences. • They can understand easy vocabulary, and they can sometimes understand medium-level vocabulary. • They can understand common, rule-based grammatical structures. They can make correct grammatical choices, even when other features of language, such as difficult vocabulary or the need to connect information, are present. <p>To see weaknesses typical of test takers who score around 250, see the "Proficiency Description Table.</p>	
ABILITIES MEASURED	PERCENT CORRECT OF ABILITIES MEASURED	ABILITIES MEASURED	PERCENT CORRECT OF ABILITIES MEASURED
Can infer gist, purpose and basic context based on information that is explicitly stated in short spoken texts	75	Can make inferences based on information in written texts	13
Can infer gist, purpose and basic context based on information that is explicitly stated in extended spoken texts	78	Can locate and understand specific information in written texts	52
Can understand details in short spoken texts	80	Can connect information across multiple sentences in a single written text and across texts	25
Can understand details in extended spoken texts	73	Can understand vocabulary in written texts	62
		Can understand grammar in written texts	76
