

CHAPTER V

CONCLUSION

Based on the analysis of chapters 3, through intrinsic approach which consisting of characterization by showing and telling methods and setting and after elaborate on the results of the analysis with the extrinsic approach which consist of the concept of Revolution of Social Institution in German and also Jewish Community in The Era of Adolf Hitler, ambition, social institution especially family institution, and social institution, so I can conclude that the themes in this research is The Revolution of Social Institution German Society Againsts Jewish Community Structure in The Era of Adolf Hitler in Biography of Anne frank

This is because of Anne Frank's diary has enduring significance. Her perspective resonates with the feelings and attitudes of teenagers in the post-Holocaust generation. Like so many of today's youth.

Anne aspired to be independent and respected for who she was, not what others wanted her to be. Anne's reflections on personal, social, and political themes have as much relevance today as they did in the era of the Nazi and the Holocaust. Otto created movement through the memory of his daughter he market so well, from publishing an abridgment of her diary to creating a foundation to preserve the house from demolition, that she is the face of the Holocaust for most people.

Anne is Jewish and living in Holland during the reign of Hitler and Nazi's, she is unable to have an ordinary life and fulfill her dreams. But She Anne has matured and ambitious during the hiding in Annex, she's struggling to find her own identity. she is a mature young lady of fourteen who tries to improve herself.

She works at holding her temper, controlling her argumentative ways, being less judgmental, acting kinder to the other occupants especially her mother and sister, and thinking more positively. There's so many things that makes Anne survived in The Hiding Place during the Nazi's era.

In addition to students from the Department of English, especially those interested in this biography, Psychological can also be analyzed in this biography through sociology of literature.
